**Subject: Motion against supporting Mr. Paul Biya, rejected dictator of the Republic of Cameroon.**

Mr. President Hu Jintao:

We are writing to inform you of our big disappointment for your invitation to Mr. Paul Biya to visit China this month of July 2011.

We respect the choice of the Chinese people, if it is your communist regime, so be it. We strongly urge you to also show restraint and respect the choice of the Cameroonian people. As you may know, the overwhelming majority of Cameroonians want democracy in Cameroon and have rejected Mr. Paul Biya and his neo-colonial dictatorial regime. Mr. Paul Biya is rejected by Cameroonians in Cameroon and abroad as well as by all major international organisations.

We note that even you in China practice alternations at the head of your Government. You, Mr. Hu Jintao, are planning to potentially step down next year in 2012. You took over from Mr. Jiang Zemin in 2003. Mr. Paul Biya hates even such alternations and has been at the head of the Cameroonian dictatorial regime for nearly half a century, first as Secretary General to the President, then as Prime Minister, and for now 29 years as President. He is old, tired and not in an appropriate state of health. In addition, he totally lacks the motivation, the patriotism and the policies demonstrated by you, Mr. Hu Jintao, and by the Chinese government. In a sharp contrast to the huge economic growth enjoyed in China for years, Cameroon is sinking into corruption, poverty, hopelessness, hunger, disseminating mortality and much more. 78 years old Paul Biya

hanging on to power or dying suddenly while in power is unanimously assessed to surely cause instability, huge uprising and even war which would be damaging, also for Chinese businesses and interests in Cameroon.

Therefore, we the Cameroonian people strongly urge you not to offer or provide any assistance to Mr. Paul Biya in his quest to repress the people and their legitimate demands in order to remain in power against the will of his people. We will never allow him to do so; we will oppose him; we will fight him and force him out if he does not willingly do so and allow free, fair and transparent elections as set forth in the 1996 constitution that applies to his presidency.

Any arms you sell to him; any military support you provide to him, any support or assistance you offer to him or provide him with for his armament, crimes and genocide against his own people would be held against you. You would pay a heavy price for supporting him in any way and the short and long term relations between Cameroon and China would be fundamentally and heavily damaged.

We urge you to tell him to put the interests of his own nation ahead of his individual interests and step down now.

We hope that you will make the right decision in respecting the will of the Cameroonian people, distance yourself from Mr. Paul Biya and abstain from assisting him in anyway.

Yours truly,

Cameroon Revolution
